

Our charity supports over 90 Northamptonshire Primary, Secondary and alternate provision schools.

FOOD HUB

We distribute food parcels to Northamptonshire school families through our Food Hub network. These parcels are a vital part of many families' daily lives, and ensure every child and their family are able to eat filling, healthy meals. Our Food Parcels contain a variety of food items weighing between 13-15 kilos in total.

BREAKFAST BOXES

We provide schools with boxes of nutritious breakfast items including cereals, dried fruit, snack bars and fruit juices. These items can be kept in the classroom and given to children who may have missed breakfast at home, or just need a little boost to start their day.

SCHOOL SHOES AND COATS

We provide high quality, long-lasting school shoes and warm coats to school families. These ensure children have comfortable, safe and school appropriate outer-wear, helping them make the most of their education.

CHRISTMAS SUPPORT

Over the Christmas period, we provide some extra help to families within our schools network. We distribute toys, gifts for adults & children, sweet treats and frozen Christmas Turkeys, to ensure every family is able to enjoy the festive season, no matter their circumstance.

TECH 4 KIDS

Many children do not have access to vital tools such as laptops and tablets at home, which are an essential part of home learning. For families in need, we can provide laptops, tablets and other home learning devices.
